Dear Madam Secretary:

This letter and the attached amended report are in response to the Federal Election Commission's preliminary review of the July Quarterly Report (4/1/06- 6/30/06) of the Evan Bayh Committee. The letter (copy enclosed) indicated a few questions that the Commission wanted the committee to address.

1.) Your report discloses contributions from individuals for which the identification is not complete.

We believe that our committee meets the "best efforts" standard in regard to these contributions. Our procedure for requesting the required information is as follows:

All written solicitations for contributions include a clear request for the contributor's full name, mailing address, occupation, and name of employer, and include an accurate statement of Federal law regarding the collection and reporting of individual contributor identifications. The request and statement appear in a clear and conspicuous manner on any response material included in our solicitations.

For each contribution which lacks required contributor information, such as the contributor's full name, mailing address, occupation or name of employer the committee makes the following efforts after the receipt of the contribution to obtain the missing information:

An oral request documented in writing is made for the information within thirty days after receipt of the contribution. The oral request does not include any other subject or any additional solicitation. The request clearly asks for the missing information and includes the statement of Federal law regarding the collection and reporting of individual contributor identifications.

The oral request is followed by at least one written request which does not include any other subject or any additional solicitation. The written request clearly asks for the missing information and includes the statement of Federal law regarding the collection and reporting of individual contributor identifications.
